**DAHLE NORTH AMERICA EXPANDS THE VANTAGE LINE
TO INCLUDE QUALITY PAPER SCISSORS**

Peterborough, NH, June 10, 2003 - Scissors may seem like a dime a dozen, but why must you buy so many to find a pair you like? With this in mind, Dahle has released the new Vantage Scissors. One low price for everything you need in a scissor: comfort, quality and an attractive sales price.

Dahle's Vantage Scissors have high-impact plastic handles and cutting blades made from hardened, high quality stainless steel for a sharp edge that will last a long time. Vantage scissors are available in 5", 6" and 8" sizes and are a must have for every room in the house.

"There is a great demand for scissors that are comfortable, affordable and built to last" said Chuck Cannon, National Sales Manager, Dahle North America, Inc. "Through our Vantage line of scissors, we fulfill this demand."

Dahle North America, Inc. is a fully integrated manufacturer and distributor of art and craft tools, business machines and office products with a brand name recognized for quality and precision. Dahle markets more than 300 products, including paper cutters and trimmers, cutting mats and scissors, and pencil sharpeners, for the home, office, and art markets.

For more information on Dahle products please call (800) 243-8145 or visit their website at www.dahleusa.com.
