

DAHLE ROLLING TRIMMERS

PERSONAL TRIMMER KIT

Rolling Trimmers are the new generation of paper cutters. Designed for safety and accuracy, the cutting blades are encased in a plastic housing that virtually eliminates the chance of personal injury. The rotary action of these trimmers allow the blade to cut in either direction and sharpen itself as it cuts. It's this self sharpening action that produces a clean burr-free cut and guarantees many years of smooth precise cutting.

Creating decorative edge designs are easy with Dahle's Personal Trimmer kit. This kit contains a Dahle Personal Rolling Trimmer model 507 as well as three decorative cutting heads. This complete

package will allow you to trim paper, photographs, and card stock with either a straight, wavy, deckle edge or insert a perforated line to be torn later. Changing the cutting heads are safe and easy without ever having to touch a sharp surface.

The Personal Trimmer Kit is durable, lightweight and portable enough to take anywhere. This is the perfect tool for creating old time photos, invitations, or just showing your creativity!
