

High Capacity Shredder

20452 Dahle Professional Shredder

In today's society there's nothing more critical than the accumulation of large volumes of confidential waste. A company's financial records, health information or personnel records can be seen by all if not shredded immediately. This Dahle High Capacity Shredder is just the tool to destroy large quantities of paper in a short amount of time.

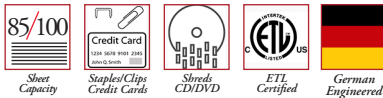

The Dahle High Capacity 20452 shredder is our largest shredder. Metal construction makes this shredder extremely durable and with the addition of three fold out tables, stacking paper to be shredded is now more convenient.

These gentle giants are surprisingly quiet for their size and their user friendly controls make them easy for anyone to operate. For

safety purposes, these machines feature a special locking mechanism to prevent injury and unauthorized use.

This machine will fit nicely in a company mail room or any other centralized location where large amounts of shredded material is taken. Expensive shredding services are no longer needed with the ability to hold 50 gallons of shredded confidential waste. Not to mention the confidence in knowing your documents are immediately destroyed and can no longer be seen by others.

Dahle's shredders are German Engineered using the latest technology and finest materials. The end result is a quality machine and peace of mind in knowing your Dahle shredder will provide many years of trouble free operation.

Features

- Feed Opening: 17"
- Sheet Capacity: 85/100
- Shred Size: 1/4"
- Security Level: P-2
- Manual On/Off
- Bag Full Auto Off
- Safety key required for operation
- Automatic Oiler Available

For safety, these machines feature a special locking mechanism to prevent injury and unauthorized use.

Rolling castors beneath a wooden waste bin allows for easy removal of the 50 gallon waste container.

In order to provide slip free power to the cutting cylinders, a steel chain & gears connect the two for maximum capacity.
