

Small Department Shredder

40534 Dahle Professional Shredder

In order to protect our National Security, military and government agencies require higher levels of security from their paper shredders. This Dahle High Security Shredder is NSA approved for NSA/CSS Specification 02-01 capable of reducing a sheet of paper into over 15,500 tiny particles. This machine is designed for military, federal, state or local governments as well as Department of Defense contractors engaged in projects where National Security is an issue.

Known for its power and waste capacity, this Dahle High Security Shredder provides a practical solution for accommodating the shredding needs of even the busiest offices. Its attractive design and large waste bin make this a nice addition to any large office, copy room or communications center.

The Dahle 40534 uses the latest technology to offer full electronic capabilities including such safety features as Automatic Shutoff when the cabinet door opens and Auto

Reverse to prevent an overfeed. Automatic On/Off and Bag Full Auto Off are features that offer both convenience and satisfaction in knowing you will be notified when it's time to change the bag. This shredder comes complete with a built in EvenFlow Lubricator automatic oiling system. This system provides slow, continuous lubrication across the entire cutting mechanism and ensures peak shredder performance.

Those interested in conserving energy as well as reducing electrical costs will enjoy the revolutionary SmartPower Energy Management System. This multi-stage system reduces power consumption after ten minutes of sitting idle (sleep mode), and completely powers down after an additional 20 minutes of inactivity.
