

# Self-Healing Mats

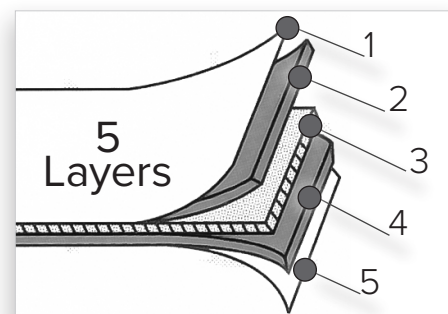

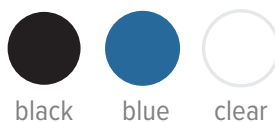

## Vantage® Cutting Mats

Dahle's Vantage® Self-Healing Cutting Mats are extremely durable and provide 1/8" of work surface protection. These professional-grade cutting mats feature 5 layers of PVC construction with screened inch, metric, and angled alignment guides. Vantage® Mats can be used on both sides and are ideal for sewing, crafting, rotary cutting, and cropping photos.

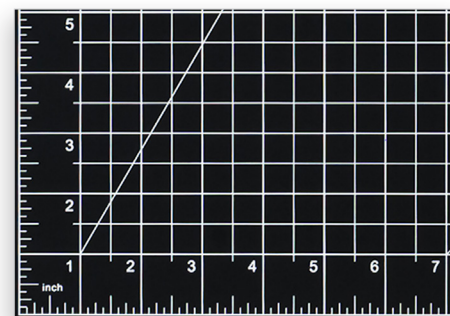

### Features | Benefits

- Self-healing 5-layer design for maximum durability
- 1/8" PVC construction protects your work surface
- Screened inch, metric, and angled guides (top surface)
- Surface material protects blades from becoming dull
- Mats can be used on both sides for convenience and versatility
- Lightweight and portable to take with you anywhere
- Ideal for surface protection and cropping photos, cutting, sewing, and crafts

#### Available Colors

*Featuring 5 layers of PVC for maximum self-healing capabilities.*

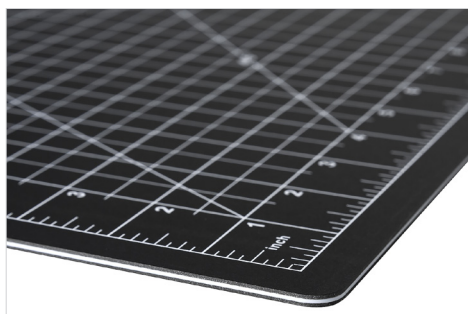

*Easily align work with screened inch, metric, and angled guide lines.*
